**Subject:** Portland supports a balanced river cleanup

We need a river cleanup plan that supports our environment and our economy.

Portland is fortunate to have a vibrant working waterfront on the Willamette River. We need those jobs to continue to exist and even grow to supply good, living-wage work. Please make sure that the final cleanup plan does nothing to threaten the jobs that we so desperately need.

Thank you for considering my concerns. I hope you will agree that we need to do all we can to support Portland's environment and economy.

Sincerely,
